As a former political advisor, Dr. Wolf said, from experience working around a White House, "You can't kill Americans … knowingly **without the okay of the President** because you're literally burning up too much political capital. No one wants to be on the receiving end of having killed Americans when that crime comes to light without the imprimatur (approval) of the President."

"If someone is found to have killed Americans, inadvertently, they get fired and shamed publicly. And it's all put on them. And that's the end of them. And that's not what we were seeing. So I knew that up the chain of command, **the White House had to be involved in these decisions**, but we just didn't have the smoking gun."

"Now we have the smoking gun," announced Dr. Wolf.

Attorney Edward Berkovich made a request under the Freedom of Information Act (FOIA) to the Centers for Disease Control and Prevention (CDC) on August 29. He asked for emails to and from Dr. Rochelle P. Walensky, Sherri A. Berger, and Kevin Griffis (all CDC staff) between February 1, 2021, and May 31, 2021, that include the term "myocarditis."

Initially, Attorney Berkovich received 472 pages, but someone who Dr. Wolf believes could be a whistleblower recently released another 46 pages to Mr. Berkovich.

46-Page FOIA Documents

Amy Kelly of DailyClout reported that **over 80% of the 46 pages were fully redacted** and involved other government entities, such as **the White House and the Executive Office of the President**. "Of the 46 pages, **only two pages were released without any redactions**. Seven pages were partially redacted pages, and **37 pages were fully redacted**."

Normally, redacted pages come with black bars that conceal the withheld text. But since 37 pages were fully redacted, you don't even see any black bars. It looks like a blank page — but done so intentionally.

Amy Kelly wrote, "The redactions were 'pursuant to 5 U.S.C. §552 Exemptions 5 and 6.'"

Alarmingly, Exemption 5 states, "**The Presidential communications privilege protects documents solicited and received by the President or his immediate White House advisers who have broad and significant responsibility for investigating and formulating the advice to be given to the President.**"

In plain English, that means the President and his close advisers in the White House have a "special rule" that lets them keep certain documents private.

"The reason for all these redactions is that what is redacted was solicited or shared **with the President or his most senior advisors**," added Dr. Wolf.

"Now, what is in these documents?"

In May 2021, particularly around May 24-25, high-ranking officials from the White House, CDC, NIH, and others were "**freaking out**," shared Dr Wolf. What were they panicking about? Myocarditis and TTS [Thrombotic Thrombocytopenia Syndrome]. Or, in simpler terms, conditions involving heart damage, blood clots, and low platelet counts (bleeding risk).

So "they crafted a media response," reported Dr. Wolf. "And the media response doesn't tell the truth."

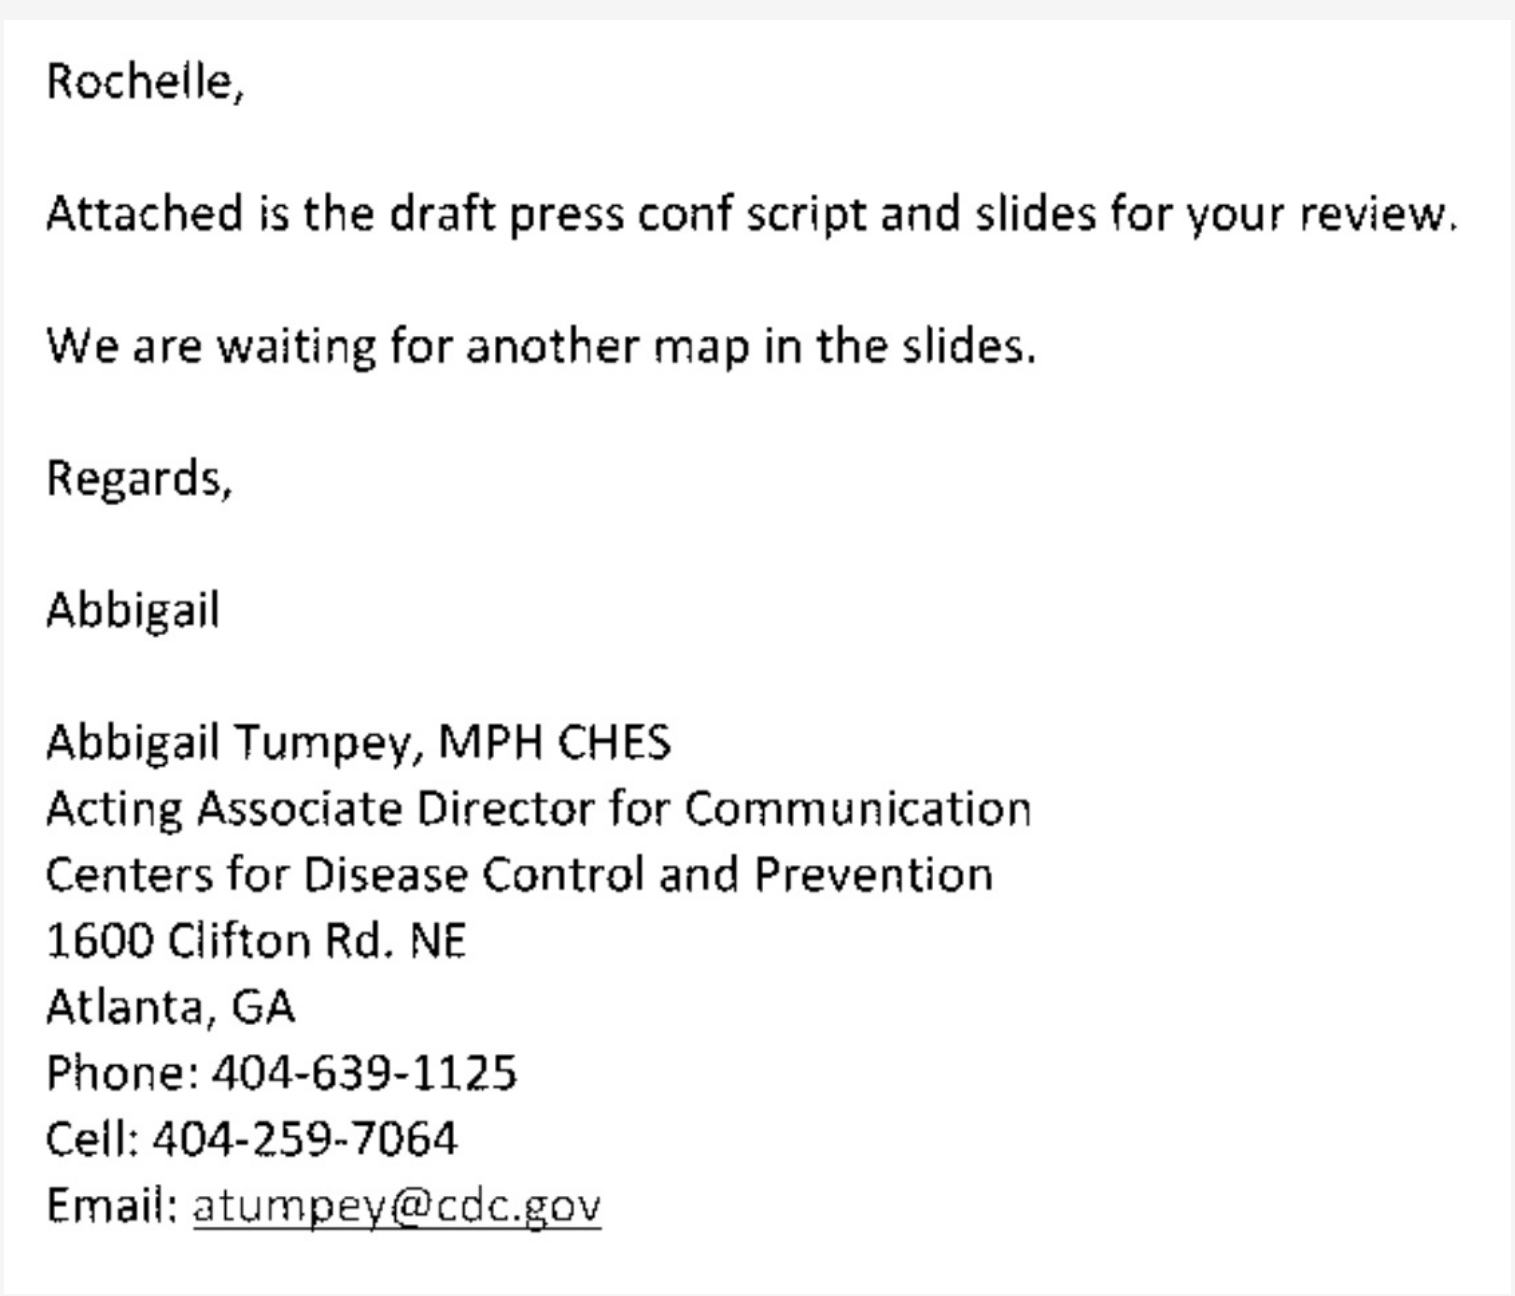
CDC director weighs in on risk of myocarditis from COVID-19 vaccine

Dr. Rochelle Walensky discusses the "likely association" between mRNA vaccines and heart inflammation in young people after receiving a coronavirus vaccine and why people should still get vaccinated.

June 24, 2021

The following summarizes the emails from the FOIA production.

In the first set of emails, there's an email thread from May 24-25, 2021, titled "**Draft WH [White House] Script and Slides**." This email was sent by Abbigail Tumpey, a former key communicator at the CDC, to Rochelle Walensky, the CDC Director at the time, and several other high-ranking health officials. Attached to the email was a draft meant for a press conference, but the entire 10-page content is blacked out and can't be seen.



Rochelle,

Attached is the draft press conf script and slides for your review.

We are waiting for another map in the slides.

Attorney Edward Berkovich submitted a Freedom of Information Act (FOIA) request to the Centers for Disease Control and Prevention (CDC) stating, "*I request emails sent by and received by Dr. Rochelle P. Walensky, Sherri A. Mr. Berkovich recently received 46 additional pages, **over 80% of which were fully redacted**, involving other government entities such as the **White House and Executive Office of the President**, as part of this production. Of the 46 pages, **only two pages were released without any redactions**. Seven pages were partially redacted pages, and **37 pages were fully redacted**. "Go back to May, June, July, August, all of 2021. **Dr. Fauci lied and lied and lied** subsequent to this crisis meeting, these crisis communications, this slide deck that we can't see. And Dr. Fauci said, 'Safe and effective. Safe and effective.' Dr. Rochelle Walensky said, 'Safe and effective. Safe and effective.' They rolled out [a public announcement regarding] myocarditis, and remember what they said, 'extremely rare,' 'mild,' 'resolves,' 'extremely rare,' 'mild,' 'resolves.' **They knew that they were lying**. And they said nothing about the clotting issue from what I recall."

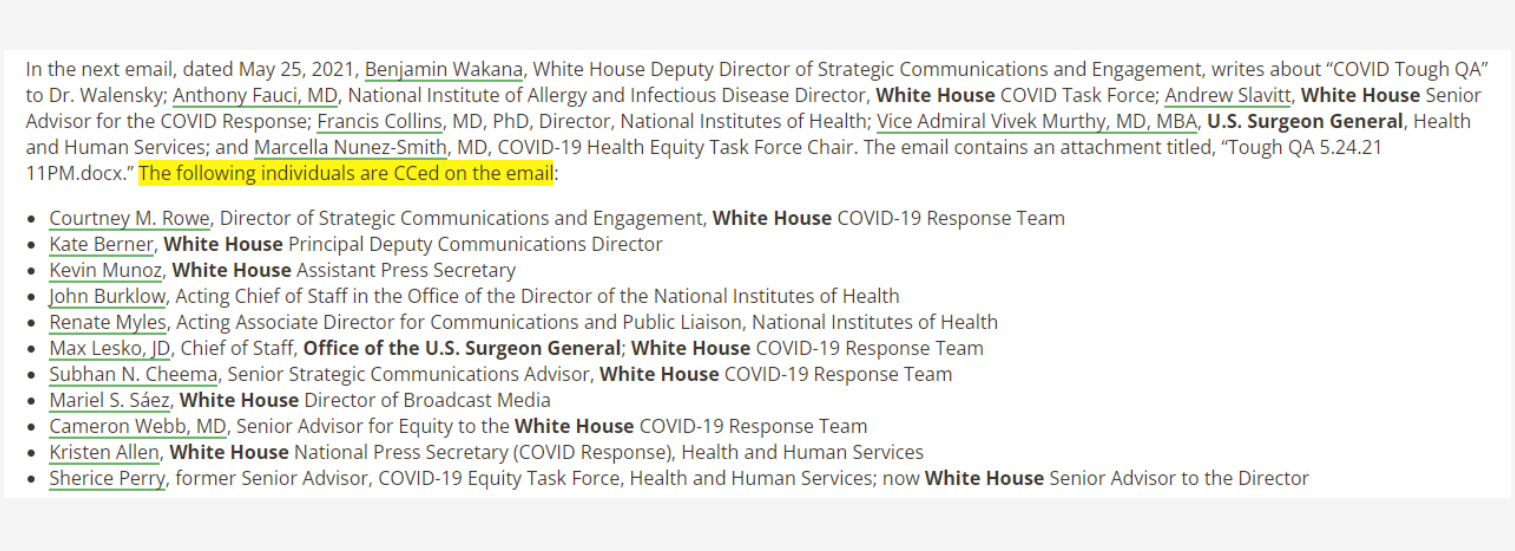
"So basically," explained Dr. Wolf, "they created from this set of crisis communications, directed by the White House with the White House's most senior advisors, the COVID-19 Response Project, which was overseen by the White House. The White House [with] like 15 of these people who were leading this set of lies to the American public, **they were convening because horrible things were happening**."



In the next email, dated May 25, 2021, Benjamin Wakana, White House Deputy Director of Strategic Communications and Engagement, writes about "COVID Tough QA" to Dr. Walensky; Anthony Fauci, MD, National Institute of Allergy and Infectious Disease Director, **White House** COVID Task Force; Andrew Slavitt, **White House** Senior Advisor for the COVID Response; Francis Collins, MD, PhD, Director, National Institutes of Health; Vice Admiral Vivek Murthy, MD, MBA, **U.S. Surgeon General**, Health and Human Services; and Marcella Nunez-Smith, MD, COVID-19 Health Equity Task Force Chair. The email contains an attachment titled, "Tough QA 5.24.21 11PM.docx." The following individuals are CCed on the email:

- Courtney M. Rowe, Director of Strategic Communications and Engagement, **White House** COVID-19 Response Team
- Kate Berner, **White House** Principal Deputy Communications Director
- Kevin Munoz, **White House** Assistant Press Secretary
- John Burklow, Acting Chief of Staff in the Office of the Director of the National Institutes of Health

- Kristen Allen, **White House** National Press Secretary (COVID Response), Health and Human Services
- Sherice Perry, former Senior Advisor, COVID-19 Equity Task Force, Health and Human Services; now **White House** Senior Advisor to the Director

"It [adverse events] had been brought to them in February by Israel, that there was heart damage. It was brought to them again in April that there was heart damage and blood clots. Now, it's May [2021], four months after they first knew about the huge amounts of myocarditis and blood clots. And in May, they get together at the behest of the White House, to create a media response that you experience, all of 2021, all of 2022, to get you to keep injecting this [COVID shot] into your body and injecting it into the bodies of your loved ones. **They knew that they were lying, and they knew that they were hurting people** with blood clots, platelet problems, and heart damage. And that's what they did. And that's what happened."

I'm sorry for your loss. The jabs may cure cancer, but not for every cancer type. It could be dose dependent. Perhaps boosters cure cancer better than primary series vaccination alone.

Had your friends been exposed, even once, and perhaps unknowingly, to a cancer causing agent that is so powerful that even the jabs cannot always cure it?

With regard to what sort of very powerful cancer causing agent could have caused the cancers see, e.g., Jahankhani, Ahangari, Adcock and Mortaz (2023) in Biochimie, Volume 213, October 2023, Pages 130-138

Possible cancer-causing capacity of COVID-19: Is SARS-CoV-2 an oncogenic agent?

https://www.sciencedirect.com/science/article/pii/S0300908423001360

Highlights

•.SARS-CoV-2 can employ various strategies to potentially cause cancer in different organs.

• SARS-CoV-2 infects several organs which may enable cancer stem cells to develop in multiple organs.

• Cancer-related effects of SARS-CoV-2 may take several years to manifest themselves.

Sorry, but the jabs do NOT cure cancer. On the contrary, they are undoubtedly causing cancer by more than one mechanism. First, they suppress the P53 gene, a key component of the cancer surveillance system of the immune system, as well as important toll-like receptors. Additionally, the lipid nano-particles are highly inflammatory. Inflammation is a driver of cancer. Perhaps the person who was cured of cancer was taking fenbendazole. That would be a far more likely explanation.

"How can this happen." the best evidence makes it clear

the ccp/pla built sars-cov-2 as a delivery vehicle for bioweapon toxins engineered into the spike KNOWING that the "big bucks" US bioweapon countermeasure program would choose whole spike code, with included bio-toxin codes, to program Mrna to direct the body to create spike for "vaccine" antigen. "warped" speed miss-manufacturing added more toxins then all spread throughout the body by a technology not suitable for vaccination against infectiousness disease.

imo - All Total, fact + fact + fact, shows a 2 front , stealth, "unlimited war", "economic war", bioweapon attack on the west. Front #1) sars-cov-2 + "developed" immune escape variants, front #2) ccp/pla trade craft including pandemic "cover" with 2 "red herring" trails + fear inducing showmanship (remember early days wuhan) inducing the west to use the long planned "countermeasure" Mrna to generate the ccp/pla bio-engineered toxic "slow kill" "spike" for its "vaccine" antigen. infection, injection, infection, injection, infection, injection death and debilitation in the west, China largely protected with widespread prior immunity until delta, (https://theethicalskeptic.com/2021/11/15/chinas-ccp-concealed-sars-cov-2-presence-in-china-as-far-back-as-march-2018/), protected by actual lock downs and a real vaccine reported to be effective against the most severe gamma/P1 variant in the over 70 year old high risk group and ..... .

"chinese" Go players vs complicit "western" checkers players.

Of course, it is actor/fake Joe Biden. What we should be trying to get at is; who gives the orders to fake Biden and who is that person's bosses?

But the President is not even the same person as VP Joe Biden. Do they even mention that in this piece? Everybody who has been studying should know by now that the Cabal has a corporate type command structure and so killing people is at the command of the higher ups. Global democide obviously goes to the top of the satanic Cabal's command structure.

"Freedom of Information" with caveats is not "freedom" at all, & while these sorts of actions give only the impression of democracy, I refuse to support it. We either have "freedom" of information or we do not. While masses of data can be redacted, we do not have anything even half approaching freedom of information. What we have is totalitarianism hidden under propaganda but dressed as democracy.

In the UK, we have a Theocratic Kakistocracy. A system run for & by the privileged elite regardless of their skills or morality. They rarely if ever display either.

Of course they knew. They planned it. It's all patented. The C19 sequence was started in the US at University of NC, then finished up in Wuhan. The global cabal has been planning this depopulation for many, many years. It was written on the GA Guidestones, which were removed after damaged. Maybe many of the staff at the WH didn't know, but you can bet Biden knew in advance, as well as Fauci, Wolenski, Collins, Bill Gates, Soros, Klaus Schwab, and probably Congress, Governors, and other world leaders including the Pope,

Americans and the international community need answers about the death jabs that big pharma knew were detrimental to one's health.
